FESTIVAL FINALE of Creative Connexions Ireland: Sitges '23
Multicultural Dynamic Folk Orchestra from Ireland

"...could easily sit alongside Ry Cooder's work with the Buena Vista Social Club.... Essential listening for trad aficionados" (Hot Press Magazine)

Back for their third time to perform at Creative Connexions in Sitges, NoCrows is without a doubt the most dynamic group to take to the festival stage in its 10 year history. Make sure to be there as they close off ten years of Creative Connexions!

A dynamic folk orchestra NoCrows is a unique group with diverse musical roots, from Irish traditional to Latin rumba, classical, jazz, rock and Balkan music. A mix of Irish, Swiss, Mallorcan and Russian musicians, the band has toured extensively throughout Europe. Formed in 2005, NoCrows' growing output of original material reflects its diverse musical roots, from Irish traditional to Latin rumba, classical, jazz, rock and Balkan music. Audiences have been astonished by the unequalled width of the band's original repertoire, from delicate Irish airs to Gypsy mayhem, from Mallorcan Jota to original songs in many styles with lush string arrangements. The musical mix reflects the folk traditions of the various members but also their lifetime experience across many genres of music.
